

November 2006 Newsletter

Computer Literacy Update

Thanks to your financial support, 25 computers have been added to the St. Kizito computer lab. There are now a total of 42 computers in the lab. That means a ratio of 2 students per computer, rather than 4 students per computer!

Computer teacher, Denis Mwai plans to network the workstations this month. St. Kizito was also pleased to receive a laser printer, a dvd burner and a web cam. The server is expected in December and Internet will follow in January.

All of this is made possible by your contributions.

Thank you for being 4 one world.

St. Kizito students in the new computer lab

You're invited to the 4 Oneworld Holiday Party. Don't let 2006 pass you by without coming together for one world.

Bring a friend & bring a beer.

Friday, December 15

5-9

The Park Trades Center, Gallery 314
